

# Small Round Poles

DesignPole SRB Series offers a pre-stressed, spun-cast concrete pole as the ideal choice for park security, recreational areas, parking lots and walkways. The SRB pole is built for maximum strength while offering 16 color options in both a polished or a light sand blast finish that enhances the natural aggregate blends in either exposed or non-porous finishes. This patented process makes the poles naturally resistant to graffiti, tape and stickers, while blending in with any surrounding environment.

Embedded Style
