

Park Light Poles

Base Plate Style

DesignPole is manufactured with only the use of the highest quality concrete mixture that is centrifugally casted with pre-stressed spiral welded cages. Our specialized concrete mixture and patented polish exposes a unique surface that is distinctively sleek and smooth, which makes the poles naturally graffiti and tape resistant. Base mounted or embedded (direct burial) installations are available. Manufactured with the highest quality pre-stressed concrete and is available in a variety of standard and custom configurations.
